Nook Color, Nook Tablet, and Nook HD/HD+

You will need:

- The Overdrive Media Console App, available from the Nook Store.
- A library card and pin number
- An Adobe ID
- An email address

Go to the Nook store from your Nook and search for the Overdrive Media Console app. Download and install the app, then go to your apps screen and tap the Overdrive Media Console icon to get started.

Once you have OMC installed on your Nook, it will appear in your apps screen and in your carousel with this icon:

 If Overdrive does not open automatically, open it from your home screen and you'll see something similar to the picture below. Uncheck "show at start-up".

You may be prompted to authorize the app with an Adobe ID. If you are not prompted, locate and tap the "menu" button on the screen. Then tap "App settings", where you will be prompted to authorize the App with and Adobe ID.

If you do not have an Adobe ID, click the link to create one.

To sign in, you will then need to tap the arrow to the right of "select library" and choose Nelson County from a list:

Sign in to your account with your library card number and pin number:

If you tapped "Place a Hold", you will be asked to provide an email address to be notified when the book is available. If you tap "Sign in for availability", you will then tap either "Borrow" or "Place a Hold" after signing in.

After you tap "Borrow", you may then download the book or audiobook. If you are downloading an audiobook, it should say "Download MP3 audiobook".
